Your individual rates will remain level for the initial 10-year term period based on your age of entry into the plan. However, United States Life does reserve the right to change premium rates, but may only do so for all insured's covered under the group policy and with 60 days written notice. Coverage terminates at age 75. There are preferred, standard, and smoker premium rates. The rate you qualify for is determined by your medical history and current health status. Spouse premium is based on his or her gender and age.
